The important part is that if it wasn't for the EPA hiring local contractors as well as others the unemployment rate would be even Higher.

Ted: Here's some quick stats from March '09. The state unemployment rate at that time was 6%--far below the national average, so Lincoln County really stands out.

later, Bill . . .

Sanders **County** leads the state with a 17.4% unemployment rate, followed by **Lincoln County** at 16.4%, Mineral at 12.5% and Flathead at 12.2%. Granite, Glacier, Big Horn and Lake counties all have unemployment rates of 10% or above. (

later, Bill . . .

Ted Linnert---10/13/2009 04:19:09 PM---Hi All, Attached is my one and one-quarter pager for our briefing this afternoon and Thursday with Mathy.
